I don't know about you, but I am so pleased to see the end of 2021 in sight. I'm grateful to be alive and well and living in the UK despite the challenges that have come up this year, (need I say more?). It's been a tough year. We (Worth Valley Publishing) will continue to support and root for our local businesses and residents in whatever way we can. The following pages represent hard working individuals and organisations and it is a privilege to engage with so many community minded folks every day.

We hope you will find joy and peace this season. If you feel alone or need some support, **www.treacle.me** lists a number of services that are locally based and ready to help (See page 8).

Have a safe, merry & bright holiday season & New Year. Liz

## A warm welcome from Coach Rick

**Keighley Table Tennis Centre** is a voluntary run facility located in Keighley.

We spoke to Rick Gonzalez, a Voluntary Trustee for the Centre to understand a bit more about Keighley Table Tennis Centre and why more people should get involved in everything there is to offer.

**Yorkshire coach of the year**, Rick Gonzalez, has been coaching table tennis for about 7 years as a professional level 2 coach. He's worked with young people in schools, colleges and University and worked with adults of all ages using table tennis to engage with a diverse range of people including those living with long term health conditions to offer inclusive table tennis for all.

### What is the best thing about Keighley Table Tennis Centre?

The people. The Centre shows off what we are about. We have young people from 5 years old to adults in their 80's from all different backgrounds, disabilities, genders and ages. It's an inclusive place and it really is table tennis for all.

### What is an over 50's session? Do you have to be good at table tennis?

The sessions run at different times on 5 different days of the week to give people choice, we usually get in the region of 20 people over the age of 50 turn up for social play in either doubles or singles. Sometimes

it's competitive but mainly it's just a laugh. There are volunteers on hand to meet and greet, sign you in and make sure everyone has someone to play with. Halfway through, everyone takes a break for a chat, coffee and a biscuit before returning to some play. You don't have to be good at table tennis at all, we welcome people at all different levels and it's for anyone who is interested to play.

### What would you say to someone thinking about joining an over 50's session who might be a bit worried?

Well firstly, we've got a new offer of 3 free sessions from November 2021 to January 2022 to come and see if you enjoy it. We're a friendly bunch of all abilities including complete beginners, and everyone starts somewhere. We've got a coffee lounge where people will just chat, you can play as much or as little as you like. We can lend out equipment so you don't need to invest in it and if you don't know where we are we will meet you and bring you in and show you around so you can feel comfortable.

**If you are interested in coming to the over 50's session or want more information about the Centre, please contact us at [info@keighleytabletennis.co.uk](mailto:info@keighleytabletennis.co.uk)**

**"Joy!** A word associated with Christmas in so many ways. One local resident, Dan Wadsworth, has spent a lot of time thinking about joy, and how to increase it all year round. He along with a colleague started a movement called

Dan from 15s30m

'15 seconds 30 minutes,' or **15s30m**, for short. The

idea is that there are loads of things that we can all do each day which take no time at all, but will save someone else a much bigger job. This increases joy and reduces frustration for someone else.

It sounds like a tall order, I know, what can you *actually* do in 15 seconds?

At home for instance, don't leave a room empty handed, just take your cup, the washing or that pile of stuff on the stairs with you. It takes 15 seconds but will save a mountain of time if left un done. At work, pass on that message, refill the empty kettle or restock as you go. There are so many small actions that take almost no time at all, but save someone else a bigger job.

- Spend 15 seconds writing a Christmas card to your neighbour.
- Donate an advent calendar to a local children's charity.
- Write a letter or leave a little note for the post woman/man to say thanks for their hard work over the year.
- Spend 15 seconds making sure repeat prescriptions have been ordered to cover the festive period.

- Spend 15 seconds texting that person who's been quiet recently. All these will have a huge knock on effect to others and will bring more joy to all. Check out **www.15s30m.co.uk** for more ideas from this transformational change platform. ( @15s30m )

One way that residents in the Aire and Worth valleys can spend 15 seconds to save lots of time searching online, is to check out **www.treacle.me**. It is an easy to use site that can take you straight to all sorts of support and help. Whether you are a **parent** worried about your **teenagers mental health**, are caring for an **elderly** person and struggling to manage their **dementia**, whether you are stuck **financially** and need to know where to get **help** with your **fuel bills**, or are feeling **lonely** and need help to find **local groups** where you can make **friends**. **Red Dog Pest Control** was formed in August 2016 and has gone from strength to strength. As a family run Keighley based business, we offer an efficient pest control service for rural, domestic and commercial customers.

We pride ourselves in providing a unique service in the marketplace, dealing with fleas, moles, wasps, rodents, rabbits, relocation of bee colonies and more.

We are able to offer a traditional, environmentally friendly form of pest control for many of our customers. Our services can be one-off call outs or contractual for 12 month periods.

In the 5 years since Red Dog Pest Control began, we have gained a loyal customer base with much of our work coming from word of mouth recommendations and repeat custom. Whilst we 'Keep it in the family' Malc is our principle Pest Control Technician, Shell covers admin and invoicing, and we are now also able to offer the services of a fully qualified female Pest Control

Shell and Nim, work side by side

Technician. Our daughter, Nim, was one of the youngest people in the UK to qualify as a Pest Control Technician at just age 14.

She is currently studying for her A-Levels and spends school holidays and weekends out with Malc developing her knowledge and experience in the trade; she has proven to be quite an asset to the business. Female Pest Control Technicians are few and far between! Our son is now wanting to join the business too when he is older.

We would be pleased to help you should you be in need of our pest control services. Please call Malc on

Say you saw it in the Worth Valley Mag!

As a 14 year old everyday I immerse myself in a digital world of social media, catching up with friends on Snapchat or being creative on Instagram and TikTok, but after seeing an advert for Air B&B at the cinema, it really made me think - was I born too late?

With plenty of free hours in the day I spent most of my pandemic year delving into history and appreciating the lives and loves of earlier decades.

“My heart will (always) go on” for one of the best movies of all time “Titanic”. Starring the icons Kate Winslet and

Leonardo DiCaprio the 90s made us fall in love with a love story about the historic event and living in the 1900s – introducing me to corsets, gloved handshakes, the true meaning of “ladies before gentlemen” and the society divisions that determined life and death.

Note to self! - every romantic date night of my future should include a three piece suit, a ball gown and dancing!

The pandemic also introduced me to my parents decade of youth as we spent our lockdown evenings playing the vinyl of the 80s, “ Now that’s what I call music!”

What an extraordinary decade of diversity and talent to live through.

The incredible pop culture of disco, new romantic, funk, post punk and synthpop all played out through the brat pack movies of its time.

Crimped hair, neon socks, denim and blue mascara are all elements I’ve loved to experiment with in my early teens – “Grease” certainly is the word and “Nobody is keeping this baby in the corner!” The digital world I live in today seems like we’ve lost the romance, hesitation and thrill of decades gone by but my joy is that I get to experience the best of both.

I can live the decades through the archives, digital memories shared world wide, photographs, music, books and films all refreshed, remastered and presented at the touch of a key, search function or website browser.

My parents, my grandparents experience their history in different ways, boxes of photos, diaries, DVDs and a music collection all gathering dust – for me the trends reappear in one form or another but the realities are forever recorded in our digital world.

Every person has their own extraordinary story within the framework of time.

I wasn’t “born too late”, I feel very blessed that my digital world lets me live and love the decades of the past as well as the present.

There is no need to fret about what to do with your real Christmas tree after the festivities have ended, as **Sue Ryder Manorlands Hospice** is offering a **green scheme** to recycle it.

People who live in, BD20, BD21, BD22, BD23, postcodes will be able to have their Christmas trees collected from their homes between the 9 – 16 January.

The hospice will work in partnership to collect Christmas trees that are no longer needed from your home. They will then be recycled.

A donation is welcomed in return for collecting the trees, so Sue Ryder can continue offering its compassionate palliative care and bereavement support - and help people make every moment count this Christmas.

Find out more about **Christmas Treecycling** and book a collection at [sueryder.org/christmastree](http://sueryder.org/christmastree) by Saturday 8 January 2022.

Contact the fundraising team at Sue Ryder Manorlands Hospice with any queries on **01535 640 430** and [manorlands.fundraising@sueryder.org](mailto:manorlands.fundraising@sueryder.org).

There were many times during the last 18 months when it was difficult to look forward with optimism. We had lockdowns, enforced closures, and all the uncertainty about when we could reopen. Our volunteers worked tirelessly to provide Covid-secure accommodation for passengers on both ordinary operating days and the Elf Express Christmas services, which have again sold out this year. It was a great relief to be able to move cautiously back toward a more “normal” operation earlier this year, with a mix of open and compartment carriages now available to passengers. However, for the weekends before Christmas we are focused on our sell-out Elf Express before reopening the Railway to walk-up passengers with the Mince Pie specials that start on Boxing Day and run right through to 3rd January. To make all this happen, we rely very heavily on our 700+ strong team of

volunteers and I would like to ask you to consider making joining us one of your new year's resolutions. We have voluntary roles across all aspects of the operation of the Railway, including engineering and maintenance activities of the locomotive and carriage fleets at Haworth and Oxenhope respectively. We also have the front-of-house roles that you will see if you join us on board, including station, retail and catering activities as well the operational activities such as guarding and being a member of the footplate crew. Then there are the scenes roles that are really behind the scenes which encompass all aspects of the administration of the charity's activities. Full training is provided, and – as you would expect - we have a well-established system of accreditation for safety-critical and operational roles. You can volunteer for as much or as little time as you can offer, and all support is very welcome. You would be joining a team that keeps an important part of our history alive with our volunteers quite literally keeping the wheels turning. You can find out more about volunteering opportunities on the website or by enquiring at Haworth station. If you are not able to volunteer, then I do hope that can support us by travelling. **Don't forget that if you live in BD20/21/22 you can apply for Local Residents' Railcard which offers half-price travel on timetabled services.**

Finally, thank you. It is thanks to the continued support from our passengers that we are now positioned to look to the future with confidence. We have weathered a very challenging storm and are looking forward to 2022 with a renewed optimism. Between then and now, I hope you and yours have

a great festive break and we look forward to welcoming you on board soon. ~ Matt Stroh KWVR.

## Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder; 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overniding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.

## BEHIND THE SCENES AT THE MUSEUM

16 December 2021 marks one hundred and twenty-eight years since The Brontë Society was founded. The Mayor of Bradford, Alderman Jonas Whitley, called a meeting of 'admirers of Brontë literature in the West Riding, to consider the advisability of forming a Brontë Society and Museum.' The meeting, attended by more than fifty people, took place in the Town Hall, Bradford, at 3pm on Saturday 16 December 1803. It was resolved:

'THAT a Brontë Society be and is hereby formed and that the object of such Society be, amongst other things, to establish a Museum to contain not only drawings, manuscripts, paintings and other personal relics of the Brontë Family, but all editions of their works, the writings of others upon those works or upon any member of the family, together with photographs of places or premises with which the family was associated.'

We like to think that we're not quite so formal these days, but the original mission of the Brontë Society hasn't changed dramatically. Just before news of a worrying new virus in China started filtering through, we were celebrating a successful fundraising campaign to bid for one of Charlotte Brontë's little books at auction in Paris. In early February 2020, visitors saw the book

on display for the first time, and we could never have imagined that six weeks later, we would be closing our doors for the first time in ninety-two years. We also could never have imagined that upon reopening the Museum in May 2021, that news of a so-called 'lost' collection of Brontë manuscripts would come to light, and we would begin fundraising to save objects that hadn't been seen for nearly a hundred years.

Like similar organisations, surviving a global pandemic has caused us to reflect on the work we do and the work we would like to do. We'd like to mean more to more people, particularly the people on our doorstep. We're immensely proud of the home we look after, and we're keen to find more ways to share the story of the amazing and inspirational family who lived here. And so, as we reflect on the past two years, and look to horizons new, we'd like to think that the founders of the Brontë Society would be immensely relieved that we have survived a global pandemic, and proud that we continue to campaign to save Brontë treasures for the nation. We will continue with this mission of course, but the Society is about more than 'collecting'; what's important is the sharing, and we look forward to doing more of this with our neighbours in 2022.
