**Does your heating system burn money?
We can help.**

It may be 80 years old now but 1940s/50s style jive dancing is still very popular today throughout West Yorkshire and especially in the Bradford/Keighley area. People of all ages and backgrounds meet up most weekends to spend an evening amongst friends strutting their stuff on the dance floor to some great music.

Those who tried it once to see what all the fuss was about became hooked and drawn in to this tremendous local social scene, making many new friendships along the way.

So, what is the great draw, the one thing that has people coming back time after time for more? It is hard to say because it is not just ONE THING but a combination of many parts. Music, dance, friendship, laughter, feeling part of something special, a fantastic social scene...take your choice! The end result is a brilliant night out for all those attending a 1940s/50s jive dance event.

Initially some people (who cannot Jive) attend with friends and just soak up the atmosphere to start with, but secretly inside wish they were out on the dance floor with the rest of them enjoying all the fun.

The answer to that slight problem (not being able to Jive) is to learn. Cast away your negative thoughts of 'I have two left feet,' or 'I could never do that' etc., and give it a go... it may look complicated but it is far simpler to learn than you think. There are only three foot steps to master; bet that surprised you!

Learning to Jive is the first step (pardon the pun) to a whole new social life and endless nights of dancing pleasure plus making many new friends. If you would like to learn please see the JIVE CLASS advert below for more details or if you would like to speak to one of the teachers to gain more information contact Sue on 07771 863283 or Nigel on 07745 117619.

Spinach, chickpea and potato curry

by Martin Lingard

This was one of my favourite things to order at a Jamaican restaurant I used to go to when I lived in Coventry. I've missed eating it since I came up here so I've recreated it myself, by trial and error. This is the closest I've got and I'm pleased with how it has come out. It should be served with a Jamaican roti flatbread but I cheat and buy ready made naan breads from the supermarket. This is cheap, healthy, filling and vegan if you use the coconut milk option rather than the single cream. The turmeric, cumin, coriander, allspice, cayenne, fenugreek and cayenne can be substituted with 3 tablespoons of a mild curry powder if necessary. This feeds 4 people well.

Ingredients

2 tablespoons of groundnut oil
 1 large onion, finely chopped
 4 garlic cloves, finely chopped
 1 Scotch bonnet chilli, halved (if you don't like hot spice, remove the seeds or use half a teaspoon of dried chilli flakes)
 1 bunch of spring onions, finely chopped
 1 small bunch of fresh thyme

1 tablespoon of freshly grated ginger
 ½ teaspoon of turmeric powder
 1 teaspoon of ground cumin
 1 teaspoon of ground coriander
 12 whole allspice berries (or 1 teaspoon of ground allspice)
 ½ teaspoon of ground cayenne pepper
 ½ teaspoon of fenugreek powder
 1 x 400g tin of plum tomatoes
 2 x 400g tins of chickpeas
 600g potatoes, peeled, diced, rinsed and drained
 500g of frozen chopped spinach, boiled and drained
 0.5 litre vegetable stock
 400ml coconut milk (or single cream)
 Salt

Method

Take a large stovetop pot with a well-fitting lid, place over a medium heat, add the oil and chuck in your onions. Soften for several minutes, stirring frequently and turning the heat down to low before they start to brown. Add your garlic and stir as it softens for another minute or two. Now add your Scotch bonnet chilli, spring onions, thyme, ginger and turmeric, cumin, coriander, allspice berries, keep stirring for another minute or so, adding a splash or two of water if the spices start to stick to the bottom of your pot. Now lob in your tomatoes, chickpeas, potatoes, spinach, stock and cream. Turn up the heat, bring to a gently simmer, pop on a lid, reduce the heat and leave to simmer for a good 40 minutes, stirring once or twice. Test the potatoes are soft with a fork. If they are, mash a few of them up with the back of the fork to thicken your sauce. If still firm, add a little more water and test again in 5 minutes or so. Season with salt to taste and serve in large bowls with warm naan breads or rotis.

This really is a special year for the Railway because we are the one place in Yorkshire where you will be able to ride behind - as well as have opportunities to get up close and personal with - the world's favourite steam locomotive, Flying Scotsman. We are hosting a visit from the National Railway Museum's loco during May, and as well as the opportunity to journey on trains hauled by Flying Scotsman, there will be footplate visits, shed tours and three special centenary dinners, one of which is with record producer and rail enthusiast Pete Waterman. It will be a very special month for the Railway, so please visit the website to book and for further details of what's on offer during Flying Scotsman's visit.

Of course, we continue to run our schedule of events and operating days as normal, as well as continuing our programme of maintenance and overhauls to keep the wheels turning. We also are excited to be looking to the future and developing the Railway. We have recently had our plan approved to permit public access for the first time to the water tower building at the end of Platform 4 at Keighley Station. This follows works at Oakworth in recent years, at which we can now provide guided tours of the Midland Railway goods shed, giving visitors a chance to appreciate and marvel at the history of the 150+-year-old Railway. As well as the special events,

you can still enjoy a trip behind our fleet of steam locomotives every weekend and through the week during school holidays, as well as on one of our diesel trains on Wednesdays - please check the website for the timetables; and also to get details of how those of you living in BD20,21 and 22 can obtain your local residents' railcard, which gives a significant discount on ticket prices.

We have also now launched into regular traffic our class 144, 'Pacer' diesel multiple units. These units were everyday sights on the mainline for many years, running from Leeds through Keighley, and as an important part of the region's railway history, it's very apt for us to preserve an example. The unit works alongside our fleet of steam locomotives, one of which in regular traffic dates back to 1899 and another to 1887, so we cover the whole of the 150-year operational history of the Railway.

Doing all this takes a huge volunteer effort, and we always welcome new volunteers. Please take a look at the website for the range of roles that we undertake to keep the increasingly elderly wheels turning on our important part of history on your doorstep.

Denture Problems

Look no further...

Who are we?

Our Keighley Denture Expert is Matthew Varley (Dip CDT RCS)

Matthew Varley is the partner and Managing Director of My Denture Clinics, here he works as a Clinical Dental Technician (Dip CDT RCS).

Matt was born and raised in Pudsey, where he met his wife Angela Varley at school. They have 2 sons; Ray and Austin, he hopes one day they will follow him into the dental profession and share in his passion for dentistry.

Within his 23 years of experience, Matt has changed the lives and smiles of many, some of which are during one day implant immediate loading cases, and same day smiles, which he specialises in. The regular accolades received from clients and patients alike are testament to his passion for his work. Matt has a keen eye for detail and endeavours to provide the best care possible. Matthew completed his dental technology qualification at Leeds Dental Institute, he finished first in his class achieving distinctions throughout and was awarded overall best student and the acclaimed technical achievement award.

Matthew Varley started his journey as a Registered Dental Technician (RDT), however after 23 years experience working as a RDT in highly acclaimed laboratories, Matt made the decision in 2018 to set up his own business alongside fellow business partner Joseph O'Reilly.

Matt also returned to university to further his dental knowledge and become a Clinical Dental Technician, receiving the prestigious royal college of surgeons (Dip CDT RCS).

How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, **you don't have to suffer badly designed or ill fitting dentures anymore.**

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake.

Matt creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face.

He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Matt will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Matt is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Matt's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

Everybody has the right to smile!

*Would you like to be more confident?
Do you suffer from denture discomfort?
Loose or ill-fitting dentures?
Afraid to smile?*

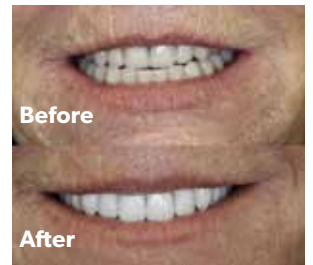

With our clinical denture expert Matthew Varley, who has restored thousands of smiles - you're sure to feel more confident and be you again.

From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

"I have finally got my confidence back, I never imagined I could smile like this. Thank you My Denture Clinic"

TeethXpress in a day

Eat and smile again with confidence

Millions of people are missing one or multiple teeth, requiring the use of removable dentures or bridgework. Many people struggle with loose fitting teeth. If you have this problem you already know the embarrassment of eating and smiling in public. TeethXpress can restore the ability to eat your favourite foods and to smile again!

BEHIND THE SCENES AT THE MUSEUM

A preview of new installation **Hardy and Free** by Bradford-based artist and photographer **Carolyn Mendelsohn**, celebrating the powerful connection between the Yorkshire landscape and the women who live and work here.

Hardy and Free by Carolyn Mendelsohn is a new installation commissioned by the **Brontë Parsonage Museum** as part of its **Contemporary Arts programme**. The Contemporary Arts programme showcases a vibrant range of work by artists and writers aiming to unearth new connections with the life and literature of the Brontës, and the Museum collection. Recent exhibits include *Secret Life in the South Pennines* by Angie Rogers and *Fragments of a Dress* by Bingley-based textile artist Hannah Lamb. Inspired by the wild spirit of the Brontës, **Hardy and Free** celebrates the female connection to nature and examines how living in tune with the land can be an inspiring and important aspect of everyday life for Yorkshire women. The installation combines projection, soundscapes, personal

items and photography to tell the unique stories of twelve women living and working in the Bradford district, and the landscapes that inspire them.

"I wanted to create work that would be a telling of the stories and a celebration of the women who live or have a relationship with Yorkshire from a range of backgrounds and ages - with a rich variety of stories and connections to nature."

– Carolyn Mendelsohn

During the early months of 2023, Carolyn invited women of differing ages and backgrounds to take her on a journey to places that are special to them. The result is a stunning audio-visual installation that transports you beyond the walls of the Museum to magnificent Yorkshire landscapes, featuring images of well-known local landmarks Brontë Falls and Top Withins, as well as more personal locations such as Bradford allotments and working farms, setting the scene for a powerful collection of personal stories. **Hardy and Free** by Carolyn Mendelsohn opens on Friday 5th May 2023 and runs until Monday 1st January 2024. Free with entry to the Museum.

OXNOP SINGERS SPRING CONCERT 2023

On May 14, the weekend after the King's Coronation, **Oxnop Singers** will be performing their first concert at **Oxenhope Community Centre** since lockdown.

Although the Oxenhope-based singers have performed on the Keighley and Worth Valley Railway since Covid restrictions were eased, as well as Christmas concerts in Haworth and at the Bay Horse, Oxenhope, this is the first performance at the Community Centre since 2019.

Nearly all the songs in the concert schedule have been written, recorded, and publicly performed during the King's lifetime: classics from the Beatles, the Kinks, Elvis, Billy Joel, Carly Simon, as well as a sea shanty and a song from musical theatre. The only exception is the Jacobean anthem 'The Skye Boat Song', recently used as the theme for the TV series Outlander, but the Oxnop Singers are confident that the audience won't be inspired to rebel against the Crown after hearing it.

Musical Director Helen McClorry commented:

"We're delighted to be back performing at Oxenhope Community Centre, where we've enjoyed so many great concerts. We look forward to be singing for the people from the Worth Valley and beyond, welcoming back all our friends who've supported us for so many years."

Musical Director Helen McClorry

If anyone would like to join the Oxnop Singers, please join them at the Monday night rehearsals, which take place between 7.30 and 9.00 every week. They are particularly keen to hear from any men who can sing as tenors.

The Oxnop Singers Spring Concert will take place at **7.30 pm on Sunday May 14** at Oxenhope Community Centre.

YORKSHIRE
LOFT LADDERS

Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overniding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
